"I know from long experience that healthy, well-cared for children present this nation's best bet for a productive future. I am proud of Every Child Matters for spotlighting the needs of children during elections and for bringing this message directly to our lawmakers and candidates."

– T. Berry Brazelton, MD

"Every Child Matters serves as the voice of conscience on behalf of our children. Someone needs to remind our candidates that their most sacred trust with the people is addressing today's needs of our children while assuring them a vibrant future."

– Mark Nichols, Executive Director,  
NASW-Nevada

"Every Child Matters was the catalyst which allowed us to get our membership motivated far faster than we would ever have been able to do ourselves. Your financial, technical and moral support have been tremendous."

– Kristen Norman-Major, Ph.D., Past Co-Chair,  
Minnesota Children's Platform Coalition

## Making Children a **NATIONAL POLITICAL PRIORITY**

## Millions of children lack access to:

- Health care
- Early care & learning
- After-school programs
- Child abuse and neglect prevention services

It doesn't have to be this way.

## How we advocate for kids:

- Direct policy-maker education
- Outreach during key federal and state election campaigns
- Partnerships with local child advocacy and child-serving organizations
- Online advocacy via our supporter network
- Media outreach and public forums
- Polling, research, and legislative monitoring
- Grassroots organizing and public events

The Every Child Matters Education Fund is a 501(c)(3) non-profit, non-partisan organization working to make investments in children a national political priority.

Polling shows children are at the top of the public's priorities but that's not reflected in the current policies of our elected officials.

Our strategy is to raise the visibility of children and youth issues particularly during the election cycle and to urge candidates to support child-friendly policies.
