

**EACH BOX IS \$100:** Box numbers are assigned when payment is received. If you would like to pick a particular box, please provide 3 choices with your payment and we will do our best to accommodate you. For each game in our series, the numbers 0-9 will be randomly selected and entered across the top and down the side of the matrix. Prior to September 5, 2019 you will receive the matrix for all 18 regular season games PLUS the Super Bowl (40 chances to win!). Prizes are awarded to the owner of the box who matches the last digit for both teams for the half time score and final score of each regular season game. The Super Bowl will pay off for each quarter and final score.
